Focus on Learning

Reading: *Robinson Crusoe*

Writing: Expand writing to opinion and persuasive essays; informational and summary paragraphs

Science: Meteorology (water cycle, weather types and climate, forecasting weather, extreme weather, atmosphere, air movement, clouds)

History: The U.S. Constitution

Art: Gilbert Stuart; focus on perspective

Recitation: "Dreams" and Winter Program Poems

Trait: Gratitude

This month, we will focus on recognizing and showing gratitude for the good things in our lives, both at home and at school. Individuals who show gratitude recognize what others do for them, show appreciation for opportunities, and express appreciation by saying thank you or doing nice things for others.

Reminders

Work for the Science Fair has already begun! Your child will meet with me over the next month to discuss their proposals and make a plan for the rest of their project. Please check in with your student to provide needed support at home.

The research and bibliography portion will now be due in December (NOT November 16th as previously shown) due to some missed computer lab dates in October.

The Stratford Spelling Bee is coming up in January! Be on the look out for study word lists coming soon.
